

Thank you for downloading the APP-BITS tab bar icon set!

This icon bundle can be shared, but only if the entire bundle remains completely unchanged and full credit is given to APP-BITS along with a link to <http://app-bits.com>.

You cannot alter the shape of the icons in any way. If you want to change something, please contact [darran@gmail.com](mailto:darran@gmail.com) for assistance. You can make the icons any colour or shade you want, and can use them for any purpose, commercial or non-commercial.

**Please read [License.txt](#) for more info.**

Inside this pack you will find icons sized for iOS devices.

Just so you know, I also design user interfaces and launcher icons for mobile, web and desktop. Check out <http://app-bits.com> for more info and examples of my work.

That's it, best of luck with your endeavours and thanks a million for downloading my icons!
